STATE PURE FOOD INSPECTOR FINDS NO TRACE EPIDEMIC

H. B. Bulmer, state inspector of pure food, drugs, weights and measures, concluded his survey of Tonopah this afternoon with the decision that there was no evidence of a typhoid epidemic and there was no reason why there should be one. The survey does not include open cesspools, etc. Nevertheless Mr. Bulmer urges all dealers to keep stocks of vegetables and foods covered with netting to prevent contamination by flies which are the worst carriers of contagion.

SCHOOL OF MINES OPENS NEXT WEEK

NEW QUARTERS HAVE BEEN ENGAGED OPPOSITE THE HIGH SCHOOL BUILDING

Professor Ellsworth Bennett is engaged in making arrangements for opening the Tonopah school of mines which will be conducted in the stone building on University street directly opposite the high school. The number of applicants for enrollment is much lower than expected owing to a number of conditions and the many young men who have joined the colors. The conscription has not affected the junior element so much as the enlistments which took away many of those who were taking up the scientific side of mining. The classes for 1917 will have more room than in the old high school since two floors are available with plenty of room for the laboratory, classes and office on the ground floor. The school will be opened next week.

WAR TAX ENGENDERS

(Continued from Page One.)

Senator Chamberlain, chairman of the military committee, with evident feeling, cited Senator Hardwick's opposition to the draft law and declared the amendment tended to demoralize the army and toward further resistance of the law. In reply Senator Hardwick claimed the right of free speech, defended his course in opposition to the administration and attacked what he called the "flamboyant patriotism" of his critics. Senator Williams criticized the Georgia senator's past and present attitude toward the draft law and ridiculed his speech. "I take it that very few senators, probably not over five," said Senator Williams, "will not agree that we have seldom witnessed a finer case of self-inflation and puffed-up self-acting than that which has just been shown upon this arena."

Senator Reed interrupted with an appeal to the chair to rule the language out of order, but Senator Robinson, presiding, decided it had not transgressed senate rules. With disposal of the hotly contested income tax section, the senate today proceeded with minor points of dispute pending.

As tentatively approved, the bill provides for an additional normal tax of two per cent on individual incomes, with the exemption lowered to \$1,000 of single persons and \$2,000 of married persons. The corporation tax of two per cent is trebled. Graduated surtaxes beginning on incomes over \$5,000 and ranging from one per cent to fifty per cent on those over \$1,000,000 are prescribed. With existing rates and the new tax, two-thirds of all incomes of more than a million would be taken.

TONOPAH RECRUITS WIRE THEIR THANKS TO LADIES OF TONOPAH

The appetizing lunch furnished by the T. A. We have just finished the splendid lunch furnished by you and words cannot express our appreciation. We thank all Tonopah for the impressive send-off tendered us." Thanks are also due the C. C. Dale company and Walter Drysdale as they refused to make any charge for the materials used in the lunch. Regulation army comfort cases were also given to the recruits by the T. A. R. AMUSEMENTS

THEODORE ROBERTS AT BUTLER

With the production of "Anton the Terrible," which will be shown at the Butler this evening, the Lasky company presents for the first time on the screen as co-stars the celebrated artists, Theodore Roberts and Anita King. Mr. Roberts, by reason of a series of remarkable characterizations in Lasky productions extending over a period of two years has endeared himself to photoplay fans throughout the world. The charm and beauty of Anita King have placed her also in a foremost position among film favorites. "Anton the Terrible" is a story laid in Russian at the present time, being a mixture of political intrigue, love and a people's fight for freedom. In addition to Mr. Roberts and Miss King the cast includes Edythe Chapman, Harrison Ford, Hugh B. Koch and Horace B. Carpenter. The story was written by Thomas H. Uzzell. There will also be included in the program for tonight another one of those delightful and refreshing stories of Paula Blackton's "Country Life Series," entitled "Satin and Calico," which really is a relief to see.

Tomorrow, Wallace Reid and Myrtle Stedman, in another Lasky production, "The Prison Without Walls," and although it is not strictly speaking, a political film, it has to do with official strife and crusades against crimes. Everyone is interested in knowing what goes on behind prison walls.

Wonderful Soda--
That's what they all say
—and why wouldn't they say it? It certainly is the most wonderful soda we have ever seen, and probably the very best soda that has been produced today. That is the reason. First, purity of ingredients, then careful manipulation, then a sanitary fountain and the cleanest and nearest service. That's what makes it good. That should appeal to you, and induce you to meet and treat at our fountain, now and for the balance of the summer. Any flavor you want! all the old-timers, and the newest ones.

NEVADA BOYS TRAIN

(Continued from Page Three.)

land, Cal. "I am enlisted in the marine corps training at Mare Island. So far I like it and hope I will continue so. The course of training is strenuous but, with all that, it is one that will make a man out of one. They keep us pretty busy from 6 a. m. to 3:30 p. m. with Swedish exercises, drill and 'School of the Soldier.' No drill period is over an hour and a half. Between periods there is an inspection of quarters, washing clothes and meals. The meals, commonly called 'chow' are good and far surpassed my expectations. We live in tents arranged in streets, each company covering so many streets. I think there must be close to 8000 men on the island now, including marines and sailors. A marine calls a sailor a 'gobb' and the sailor comes back by calling us 'leathernecks.' I believe I picked the best branch of the service. I know something of both army and navy life and can see the difference. They surely take fine care of you here and you would be surprised to see the number of college men here—hundreds of them."
